"You're off to great places. Today is your day!

Your mountain is waiting. So..... get on your way"

Summer Holidays are fast approaching; they offer a chance to pause and recharge. By stepping away from everyday routines we get the opportunity to sit back and reflect on the months passed. Rejoice on the good times and think how much stronger you have become for getting through the hard times. Thank God for those people in your life that make it all worthwhile and be grateful for friends and family and the opportunities you've had to grow and succeed.

A Prayer for those at sea

Dear God, watch over all who sail the seas, grant them safe passage, calm waters and peaceful shores. Keep them alert in their duties and give them courage in times of crisis. When they are far from home, remind them that they never drift beyond your love. Provide safety and protection for sailors and fishermen and all who travel on the water. Amen.
